## EDUCATION

**Istinye University**  
*B.Sc. Computer Engineering*

Istanbul, Türkiye | 08.2022 - 06.2026

## PROFESSIONAL EXPERIENCE

### BGTS

#### Intern

Istanbul, Türkiye | 07.2025 – 08.2025

- Worked in a 4-person development team within a 10-person internship cohort
- Tasked with designing a flexible and scalable software system prototype
- Contributed to backend API development and database structuring
- Participated in system architecture planning and team code reviews

## ACHIEVEMENTS

### Project Leader of ENPAS Project

Istanbul, Türkiye | 11.2024 – 03.2025

- Led the development of a smart parking system designed for disabled drivers
- Designed an ESP32-based embedded system to automate barrier control
- Integrated motor control logic, ultrasonic sensing, and wireless modules
- Coordinated a team of 5 engineers across hardware and software domains
- Submitted the project for TEKNOFEST 2025 under the Barrier-Free Living Technologies category

## ADDITIONAL SKILLS

### Technical Skills

Programming Languages: Python, C, C++, C#, Rust, Kotlin, SQL, HTML, CSS  
Libraries: pandas, numpy, matplotlib, scikit-learn, music21, tensorflow, keras, flask  
Embedded Systems: Arduino, ESP32  
Web & App Development: Android Studio, Firebase  
Database Management: MySQL, SQL  
Version Control: Git, GitHub

### Tools & Technologies

VS Code, Arduino IDE, Android Studio, PyCharm  
Trello, Notion

### Soft Skills

Team Collaboration & Communication, Analytical & Critical Thinking, Fast Learner & Adaptable, Problem Solving

### Languages

Turkish (Native), English (Upper-Intermediate)

## EXTRA-CURRICULAR & INTERESTS

### Volunteering:

- TEMA Foundation – Environmental Volunteer (2025–present)
- AFAD – Disaster and Emergency Volunteer (2023–present)
- Member of the BMO, Turkey

### Music & Hobbies:

- Plays bass guitar, acoustic guitar, fretless guitar, electric guitar, and keyboard
- Active as a bass guitarist in Son Dördün
- Avid reader and film lover
- Coffee brewing
